

2ICML  
2022

## International Conference on Intelligent Computing and Machine Learning

from ~~16th to 18th December 2022~~  
14th to 16th April 2023

Qingdao, China.

### 2ICML Invitation letter

Dear Prof./Dr. \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

It is our great honor to tell you about the International Conference on Intelligent Computing and Machine Learning (2ICML 2022) will be held in Qingdao, China during April 14th-16th, 2023. 2ICML 2022 is co-organized by Qingdao University, Shenyang University of Technology, and Engineering Technology Development and Innovation Society, etc.

Given your outstanding academic achievement and good international reputation in Intelligent Computing and Machine Learning, we are pleased to officially invite you to attend 2ICML 2022 to share your excellent research results with scientists and experts worldwide.

**The conference date:** April 14th-16th, 2023

**The conference location:** Qingdao, Qingdao University International Hotel

**Address:** No.308 Ningxia Road Qingdao, China

**Tel:** (+86) 0532-85952463

Should you require any further guidance, please do not hesitate to contact us by emailing at

[2icml@2icml.net](mailto:2icml@2icml.net)

For furthermore information on the conference, such as Submission, Registration, please check the 2ICML 2022 website at

<https://2icml.net/>

**Note:** Full offline meetings are now feasible since COVID-19's health dangers are diminishing, and the government's epidemic prevention policies have significantly changed. Therefore, in order to draw more offline participants, the committee decided to postpone the 2ICML date to April 14-16, 2023.

Yours sincerely,  
2ICML 2022
