

2022 2ICML

~~December 16-18, 2022~~

April 14-16, 2023

Qingdao, China

International Conference on Intelligent Computing and Machine Learning

2022 International Conference on Intelligent Computing and Machine Learning (2ICML) will be held in Qingdao, China, from the 16th to 18th of December 2022. It is sponsored by Qingdao University and organized by ETDIS. It aims to provide an ideal platform for researchers, practitioners and professionals from the industry, academia and government working in Intelligent Computing and Machine Learning to exchange research results and share experience face-to-face. We cordially invite you to submit original, high-quality manuscripts. Accepted and presented papers will be published in conference proceedings; for excellent papers after expansion will be recommended to special issues for publishing.

Publication

Accepted papers of 2ICML 2022 will be published in Conference Proceedings.

For excellent papers after expansion will be recommended to Journal special issues for publishing.

Processes (ISSN 2227-9717), IF 2.847

SI: Building Three-Dimensional Integrated Circuits and Microsystems

Sensors (ISSN 1424-8220), IF 3.576

SI: Toward Performance Optimization of Wireless Sensor Networks and Sensor Node Devices in Environmental Monitoring

Call for Paper and Topics

Track 1 : Machine Learning

- Machine Learning for Internet of Things
- Machine Learning for Multimedia
- Machine Learning for Network Slicing Optimization
- Machine Learning for Security and Protection
- Machine Learning for User Behavior Prediction
- Models and Languages for Big Data
- New Innovative Machine Learning Methods
- Optimization of Machine Learning Methods
- Models and Languages for Big Data
- Machine Learning for Multimedia

For more topics <https://2icml.net/cfp/>

Track 2: Intelligent Computing

- AI and Evolutionary Algorithms
- Algorithms and Programming
- Algorithms and Systems for Big Data Search
- Analytics Reasoning and Sense-making on Big Data
- Artificial Intelligence
- Big Data Analytics and Metrics
- Big Data Architectures
- Big Data Protection, Integrity and Privacy
- Decision Support Systems
- Deep and Reinforcement Learning

Submission Instructions

All submissions (full-paper and abstract) should be original (not submitted/published anywhere else) and typeset following the standard of template in English. Accepted papers and abstracts will be scheduled in lecture and poster sessions.

- 1). Full paper (publication & presentation). Full paper submission is required if you consider publishing your paper.
- 2). Abstract (presentation only). If you consider making a presentation only at 2ICML 2022 without paper publication, then you can only submit an abstract.

[Submission System](#)

Important Dates

Submissions Deadline	October 01, 2022
Camera Ready Manuscripts Due	December 01, 2022
Registration Deadline	November 30, 2022

Attendance and Presentation Types

Oral Presentation
Poster Presentation
Virtual Presentation
